

Job Title: Senior Software Engineer/Architect

Job Description: We are seeking an experienced Senior Cloud-Based Backend Developer who is proficient in developing cloud-based solutions using Spring Boot framework. The successful candidate will be responsible for leading the design, development, testing, deployment, and maintenance of cloud-based applications, microservices, and APIs.

Key Responsibilities:

- Lead the design and development of cloud-based applications using Spring Boot framework.
- Collaborate with the development team to create scalable, reliable, and highperformance solutions.
- Work with the DevOps team to deploy and manage cloud-based applications on various cloud platforms.
- Create and maintain RESTful APIs that can be consumed by other applications.
- Write clean, maintainable, and testable code.
- Create and maintain technical documentation for the solutions developed.
- Participate in code reviews, testing, and debugging activities.
- Mentor and coach junior developers and contribute to their professional development.
- Continuously explore new technologies and frameworks to improve development processes.

Qualifications:

- Bachelor's degree in Computer Science, Software Engineering, or related field.
- 6+ years of experience in developing cloud-based solutions using Spring Boot framework.
- Experience with cloud platforms such as AWS(preferred), Azure, or GCP.
- Strong understanding of microservices architecture, containerization, and API development.
- Proficient in Java programming language.
- Familiarity with databases such as MySQL, PostgreSQL, or MongoDB.
- Experience with DevOps tools such as Docker, Kubernetes, or Jenkins.
- Knowledge of Agile methodologies and software development lifecycle.
- Excellent communication and problem-solving skills.
- Ability to lead and mentor a team of developers.

Location: Hyderabad

If you have the required qualifications and are passionate about leading the development of cloud-based solutions using Spring Boot, we encourage you to apply for this exciting opportunity
